TO:University Engineering Departments for Graduate and Undergraduate StudentsFROM:Jennifer Tolman, Office Assistant, Concrete Masonry Association of California and Nevada (CMACN)

RE: Year-round, \$1000 - \$1,500 ENGINEERING SCHOLARSHIP for the Study of Concrete Masonry

Dear Professors, Staff, and Students:

Concrete Masonry Association of California and Nevada, a non-profit organization, is pleased to announce we have continued our scholarship program in 2024, open year-round, for graduate and undergraduate level engineering students who study concrete masonry as a subject in California or Nevada.

As an association of concrete masonry block manufacturers, CMACN's mission is to strengthen the masonry industry in California and Nevada by providing technical information resources on concrete masonry for design professionals, protect and advance the interests of the concrete masonry industry, develop new and existing markets for concrete masonry products, and coordinate our members' efforts in solving common problems within the masonry industry.

CMACN develops, monitors, and coordinates test programs, research projects, and specification updates. We publish technical and educational data, and both receive and disseminate recommendations for improved product use. To this end, we have established a scholarship program in order to promote the study of concrete masonry as a subject in California and Nevada. The Engineering Scholarship amount is \$1000 - \$1,500 per recipient. There is no predetermined number of scholarship awardees; selections are determined by application question responses. For more information about CMACN scholarships, visit www.cmacn.org. For more information about concrete MASONRY, visit www.whymasonry.org.

Requests for this scholarship should be submitted via email, USPS mail, or fax on the attached application and include at least one sealed, dated, and signed departmental recommendation (<u>emailed and faxed letters of recommendation will only be accepted from the recommender, NOT from the applicant</u>). Scholarship recipients must return to a California or Nevada university the following semester as engineering students. <u>To be considered for a specific scholarship, applications must be postmarked no later than the closure dates listed below:</u>

ScholarshipApplication Closure DateSpring ScholarshipMonday, March 11, 2024Summer ScholarshipMonday, June 3, 2024Fall ScholarshipTuesday, September 3, 2024 \*Legacy Memorial Scholarship applications dueWinter ScholarshipMonday, December 2, 2024

**Individuals may only receive ONE Engineering Scholarship award per calendar year (January – December).** Repeat applicants and previous awardees are welcome to apply. All scholarship applicants will be notified of award status approximately two months after the scholarship application closure date. Letter providing university faculty members will be notified only if recommended student is selected for a scholarship. <u>Applications suspected of AI answers or utilizing answers previously submitted will be disqualified.</u>

Please call or email if you have questions regarding this matter.

7844 Madison Avenue • Suite 140 • Fair Oaks • CA 95628 (916) 722-1700 • FAX (916) 722-1819 • E-mail: <u>info@cmacn.org</u>

## ENGINEERING SCHOLARSHIP APPLICATION

(For California and Nevada Undergraduate and Graduate Students)

To be presented by

## CONCRETE MASONRY ASSOCIATION OF CALIFORNIA AND NEVADA

## \$1000 - \$1,500 FOR THE STUDY OF CONCRETE MASONRY IN THE FIELD OF ENGINEERING

## Postmark Deadlines:

Spring Application – Monday, March 11, 2024 Summer Application – Monday, June 3, 2024 Fall Application – Tuesday, September 3, 2024 Winter Application – Monday, December 2, 2024

To apply, you must be a California or Nevada graduate or undergraduate engineering student returning to a California or Nevada university the following semester. All scholarship applicants will be notified of award status roughly two months after the application closure date. <u>Applications suspected of Al answers or utilizing</u> <u>answers previously submitted will be disqualified. For more information about CMACN scholarships, visit www.cmacn.org. For more information about concrete MASONRY, visit www.whymasonry.org.</u>

Scholarship Applying	for: Spring	Summe	er	Fall		Winter
Are you a previous Cl	MACN scholarship rec	cipient?Yes	No If s	o, when?		
Applicant Name:						
Permanent Address:	Street Number & Name		City	State	e Zip	
Phone:		E-mail Address:				
University:						
Year of study:		Continuing at sam	ne universi	ty next semester?	Yes	No
Reason(s) for not returning to same university:						

Please submit <u>at least one university faculty letter of recommendation</u> that has been signed and sealed (emailed and faxed letters of recommendation will only be accepted from the recommender, NOT from the applicant) along with a <u>brief</u> answer to the following multipart question on separate paper.

(A.) What motivates your interest in the design of structures incorporating concrete MASONRY, and (B.) how you will
incorporate concrete MASONRY in your continued research or studies? (i.e., (1.) Do you have a specific interest in
the performance of structural concrete MASONRY? (2.) Do you have a specific interest in the analysis of concrete
MASONRY structures under different loading or seismic conditions? (3.) Do you have a specific interest in the
comparison of concrete MASONRY with other building materials? (4.) Or, are there other areas of study regarding
structural concrete MASONRY that is of personal interest to you?)

Send completed application, question responses, and a letter of recommendation to: Concrete Masonry Association of California and Nevada 7844 Madison Avenue, Suite 140 Fair Oaks, CA 95628 E-mail: info@cmacn.org; Phone: (916) 722-1700; Fax: (916) 722-1819
