TO: University Engineering Departments for Graduate and Undergraduate Students

FROM: Jennifer Tolman, Office Assistant, Concrete Masonry Association of California and Nevada (CMACN)

RE: Year-round, \$1000 - \$1,500 ENGINEERING SCHOLARSHIP for the Study of Concrete Block Masonry

Dear Professors, Staff, and Students:

Concrete Masonry Association of California and Nevada, a non-profit organization, is pleased to announce we have continued our scholarship program in 2025, open year-round, for graduate and undergraduate level engineering students who study concrete block masonry as a subject at a four-year university in California or Nevada.

As an association of concrete block manufacturers, CMACN's mission is to strengthen the masonry industry in California and Nevada by providing technical information resources on concrete block masonry for design professionals, protect and advance the interests of the concrete block masonry industry, develop new and existing markets for concrete block masonry products, and coordinate our members' efforts in solving common problems within the masonry industry. CMACN develops, monitors, and coordinates test programs, research projects, and specification updates. We publish technical and educational data, and both receive and disseminate recommendations for improved product use. To this end, we have established a scholarship program to promote the study of concrete block masonry as a subject in California and Nevada.

The Engineering Scholarship amount is \$1000 - \$1,500 per recipient. Scholarship recipient must return to a California or Nevada university the following semester as an engineering student. **There is no predetermined number of scholarship awardees; selections are determined by application question responses.** For more information about CMACN scholarships, visit <a href="https://www.cmacn.org">www.cmacn.org</a>. For more information about concrete block masonry, visit <a href="https://www.whymasonry.org">www.whymasonry.org</a>.

Requests for this scholarship should be submitted via email or mail on the attached application along with answers to the questions located at the bottom. For your application to be complete, a departmental recommender must also email or mail a dated and signed letter of recommendation on your behalf. (Letters of recommendation will only be accepted from the recommender, NOT the applicant.) To be considered for a specific scholarship, your completed application, question answer, and letter of recommendation must be emailed or postmarked no later than the closure dates listed below:

ScholarshipApplication Closure DateSpring ScholarshipMonday, March 10, 2025Summer ScholarshipMonday, June 2, 2025

Fall Scholarship Tuesday, September 2, 2025 \*Legacy Memorial Scholarship applications due

Winter Scholarship Monday, December 1, 2025

Individuals may only receive ONE CMACN Scholarship award per calendar year (January – December). Repeat applicants and previous awardees are welcome to apply. All scholarship applicants will be notified of their award status approximately two months after the scholarship application closure date. <u>Applications suspected of ANY AI use</u>, including but not limited to Grammarly, or utilizing answers previously submitted will be disqualified.

Please call or email if you have questions regarding this matter.

7844 Madison Avenue • Suite 140 • Fair Oaks • CA 95628 (916) 722-1700 • FAX (916) 722-1819 • E-mail: <a href="mailto:info@cmacn.org">info@cmacn.org</a>

## ENGINEERING SCHOLARSHIP APPLICATION

(For California and Nevada Undergraduate and Graduate Students)

To be presented by

## CONCRETE MASONRY ASSOCIATION OF CALIFORNIA AND NEVADA

## \$1000 - \$1,500 FOR THE STUDY OF CONCRETE BLOCK MASONRY IN THE FIELD OF ENGINEERING

## **Postmark Deadlines:**

Spring Application – Monday, March 10, 2025 Summer Application – Monday, June 2, 2025 Fall Application – Tuesday, September 2, 2025 Winter Application – Monday, December 1, 2025

To apply, you must be a California or Nevada university graduate or undergraduate engineering student returning to a California or Nevada university the following semester. All scholarship applicants will be notified of award status roughly two months after the application closure date. **Applications suspected of ANY Al use, including but not limited to Grammarly, or utilizing answers previously submitted will be disqualified.** For more information about CMACN scholarships, visit <a href="www.cmacn.org">www.cmacn.org</a>. For more information about concrete block masonry, visit <a href="www.whymasonry.org">www.whymasonry.org</a>.

Scholarship Applying	for: Spring	Summer	Fall			Winter
Are you a previous C	MACN scholarship rec	ipient?YesN	lo If so, when?			
Applicant Name:						
Permanent Address:	Street Number & Name		City	State	Zip	_
Phone:		E-mail Address:				
University:						
Year of study:		Continuing at same university next semester? Yes No				
Reason(s) for not returning to same university:						

Please submit this completed application along with a <u>brief</u> answer to the following multipart question via email or USPS mail. <u>Also</u> have at least one university faculty member submit a dated and signed letter of recommendation via email or USPS mail. <u>(Letter MUST come directly from the recommender.)</u>

1. (A.) What motivates your interest in the design of structures incorporating concrete <u>block</u> masonry, and (B.) how will you incorporate concrete <u>block</u> masonry in your continued research or studies? (i.e., (1.) Do you have a specific interest in the performance of structural concrete <u>block</u> masonry? (2.) Do you have a specific interest in the analysis of concrete <u>block</u> masonry structures under different loading or seismic conditions? (3.) Do you have a specific interest in the comparison of concrete <u>block</u> masonry with other building materials? (4.) Or are there other areas of study regarding structural concrete <u>block</u> masonry that are of personal interest to you?)

Send completed application, question response, and have a faculty letter of recommendation sent to:
